Course Overview

Your facilities Quality Assurance and Performance Improvement (QAPI) plan is used as a guide for the overall quality improvement program for your facility. This course will cover the elements of QAPI and provide an in-depth review of the last phase and provide best practices on how to prepare for it.

SPEAKER:

Sabrena McCarley,
MBA-SL,OTR/L,CLIPP,
RAC-CT

is the Director of Quality with RehabCare. Her career has been exclusively in the post-acute care setting where she has worked as a clinician, rehab director, and multi-site manager both in operations and clinical services. In her experience, she has been responsible for program development and providing clinical trainings, mentorship and partnerships with clinicians as well as interdisciplinary team members. Her philosophy is that the patient is the center of any interdisciplinary team or holistic approach and that in order to get the best outcomes for our patients; we must remember that they are the reason for what we do.
