**CDPHE Disease Control &  
Environmental  
Epidemiology Division**

**SPEAKERS: *Tori Burket***

*Tori Burket completed her masters in Environmental Health with a specialization in Epidemiology from Colorado State University, where her thesis research focused on shiga toxin producing E. coli in dairy cows. In January 2017, she began working for the Colorado Department of Public Health and Environment as the Waterborne Disease Epidemiologist and Legionella Coordinator. At CDPHE, she is the primary coordinator for the Statewide surveillance, prevention, and response of Legionella Vibrio, Giardia, Cryptosporidium, and Cyclospora, as well as consulting on other waterborne pathogens.*
