

THE SWITCH FROM RUGS TO PDPM HIPPS DON'T LIE HEALTH INSURANCE PROSPECTIVE PAYMENT SYSTEMS CODES

AUGUST 30, 2019

9:30 am-3:00 pm

Cost: Members: \$75 | Non-Members: \$225
Colorado Health Care Association
225 E. 16th Ave. Suite 1100
Denver, CO 80203

TARGET AUDIENCE:

MDS, DON, IDT Team Members and Therapy Staff

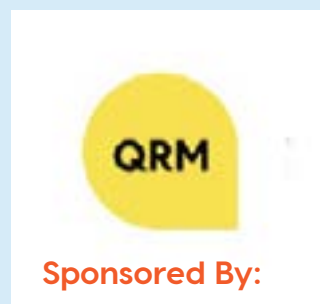

WHAT TO EXPECT

HIPPS are the new billing codes under PDPM - October 1, 2019 under PDPM, SNFs will be using a new set of HIPPS codes on the MDS and on the Part A claim to identify a residents payment classification. This is where it all comes together. This 5 digit code will be a representation of the case mix adjusted components as well as the assessment type. "HIPPS Don't Lie" – critical accuracy in the MDS (and the documentation to support it) is, not only to drive appropriate and collaborative patient care but to ensure reimbursement which captures the diagnosis, conditions, co-morbidities and treatments of each resident. In this session, we will review the model, each of the components, steps for accurately capturing data and documentation to support the PDPM categories and ultimately the HIPPS codes. We'll also wrap up with strategies for our pre go-live transition approach as we'll be in our final count down!

Objectives:

1. Ensure audience has a firm grasp on the critical items driving the PDPM model
2. Provide application resources and strategies for clinical and operational success and risk avoidance under PDPM
3. Share RUGs to PDPM transition approaches – final countdown to PDPM 'go live'
4. Review Final Rule for significant changes

DIGITAL CLASSROOM
