

Elevating Care

Difficulty in Supporting Memory Care Residents during this COVID time

NOVEMBER 10, 2020

10:00 AM - 11:00 AM

Members: \$50 | Non-Members: \$150

Target Audience:
Social Services, CNAs, Life Enrichment and All Care Providers

During this presentation, Dr. Thomas Lally will discuss the difficulty in supporting Memory Care residents during COVID-19. Dr. Lally and the Bloom Healthcare team will address the transition of care for residents, issues regarding isolation and medication. As well as having realistic expectations of the living arrangements available.

Presented and Sponsored by:

Due to the COVID-19 pandemic and recommendations from the Governor of Colorado, CHCA has decided to host all programs digitally until it has been determined to be safe to return to in person training's for the remainder of 2020

SPEAKERS:

Dr. Thomas Lally is a house call physician and CEO of Bloom Healthcare. Dr. Lally's areas of expertise include clinical operations, innovative care delivery models and identification of new treatment opportunities for the complex homebound population. He is a national leader on the treatment of dementia, providing clinical instruction to providers as well as educating the greater community on the progression and care options for individuals suffering from this disease. In his free time, Dr. Lally enjoys coaching his two daughters' ski racing teams, climbing, and enjoying the outdoors with his family.
