Two major new Colorado laws have changed the playing field for employers. The Healthy Families and Workplace Act creates new paid leave requirements and the Public Health Emergency Whistleblower law provides new protections for employees that raises concerns related to workplace health and safety. Lawyers from the Greenberg Traurig law firm will help participants understand the details of these two new laws and help to create plans for success.

Due to the COVID-19 pandemic and recommendations from the Governor of Colorado, CHCA has decided to host all programs digitally until it has been determined to be safe to return to in person training's for the remainder of 2020
