

Protect your Facility against Cyber Threats

Presented and Sponsored By:

JANUARY 22, 2021

10:00 AM - 10:45 AM

Free

Target Audience:

Executive directors, assistant executive directors, nursing home administrators, office managers, decision makers in regards to IT services.

Vertical Solutions will be providing insight into present day cyber threats that are attacking the Healthcare sector.

We will explain the secured layered approach that an organization should implement, which is recommended to combat today's threats.

We will walk through each layer that provides each area of protection for your facility as well as provide the significance of each solution.

Due to the COVID-19 pandemic and recommendations from the Governor of Colorado, CHCA has decided to host all programs digitally until it has been determined to be safe to return to in person training's for the first half of 2021.

SPEAKERS:

Tyler Lewan,
Vertical Solutions

Tyler Lewan is the Account Executive for Vertical Solutions Colorado based office. He has worked for Vertical Solutions for over a year and a half now.

Tyler's main priorities are to service Vertical Solutions' clients based here in Colorado, provide strategic advising and recommendations to the Healthcare sector and strive to continue to build the client base for Vertical Solutions.
