

Let's Talk Transportation

How might a facility explore the possibility of collaborative ride sharing or child transportation sharing?

Explore the ages of employees' children via a brief survey

Inquire with employees as to whether they would consider cooperative child drop-off or pick-up with coworkers they trust

Map employees' home addresses (based on employee payroll information) to determine clusters for ride-sharing

Local Transportation

Include local information regarding transportation, such as bus schedules, fares and routes.

WayToGO

This service has resources specific to employers and school pool in Colorado.

CDOT

Depending on geographic ability, Facilities may purchase a ride-sharing application, which would allow personnel to enter their data and be "matched" to partners, even potentially in a group of nearby facilities.

ZipCar

A resource available in Colorado – Aurora, Boulder, Breckenridge, Colorado Springs, Denver, Fort Collins, Golden, Greenwood Village. Monthly \$7/month INDIVIDUAL rate - Driving rates from \$10/hr and \$83/day.

Membership includes:

- Secondary insurance for all trips
- Free gas for all trips
- Maintenance and 24/7 roadside assistance
- 180 miles per day (\$0.58 per mile after that)
